

"Gather My Apostles"

News Letter Vol. 9

!! This is an Important Last Days Message to the Body of Christ !!

Report on the Atlanta Gathering

Dear Brethren,

This past December the Lord impressed upon me with great profoundness the importance of carrying out His Command to Gather His Apostles properly. I began to see much of what the Lord was doing in this Gathering of His Apostles. Seeing the importance of this task overwhelmed me for almost the entire month. The Lord is bringing His Apostles on the earth in this hour together to empower them spiritually and financially to fulfill their roles in these last days. He is Calling His Church, His Body to Order according to His own design and ways.

The Lord told me it was not to be about numbers or finances. As I left for this Gathering in Atlanta, there was only one thing on my mind. Regardless of any mans opinions it was of utmost importance to me that the Lord be pleased with this work. Nothing like this has been done before. It is not like any Church activity but it is serious Kingdom business.

There was an order there that was not present at the first Gathering until the third day and even then was very shaky. In Anaheim last Sept. there were many who showed up at the Gathering going around the discernment process. There were those who were not Apostles presuming to lead the Apostles of the Lord. It showed the results of perverted order and chaos in the Churches today. It was necessary and the will of God that we should see all this. But the Lord could not bless it even as He can't fully bless His Body corporately while in complete chaos. Without God's Order there can only be chaos and insanity. Satan is insane and it his will that the Churches be out of order and that the calling of the Apostle be made null and void to the people of God. Satan has always attacked the Order of Authority.

Every time the Lord begins to lead His people into new territory there is murmuring and dissention. There was some of this present at this meeting as well in the beginning. But there was from the beginning a strong sense of order.

I learned a long time ago to walk it out with the Lord one step at a time especially when following a direct command from Him. He has always been faithful to tell me what the next step should be. On the second evening after we had communion together we went in to praise and worship. A beautiful Brother from Atlanta Stan Coates led us in praise and worship. As we began to praise the Lord I began to seek the Lord for the next step. He wouldn't answer me and it was somewhat troubling. I went out into the hall seeking a word from the Lord as to what we should do next, still nothing. I went up to the podium and asked the elders if they had any word from the Lord as to our direction. They had no word from the Lord. As I was up there I noticed the wife of one of the Elders thrashing and moaning in pain. I asked the Lord what was going on should we minister to her or what? The Lord spoke to me saying, travail, travail. I heard it two times and knew that we were to continue praise and worship and let the Lord have his way in the meeting. When this woman left the meeting after all that spiritual travailing she was sparkling it was clear that she had been blessed by the Lord.

Throughout the time we were at the Hotel the Elders were interviewing those who had not been through the discernment process. It was imperative that there were no men standing up on that last day claiming to be Apostles who were not. At the last session we marveled at how the Lord Himself had already removed those that were not discerned as His Apostles.

On the last day we began with prayer and praise and worship. We were seeking the face of God and His presence. I was in the back of the room praying Lord birth in us what you want to birth here. Shortly after that a woman came to me and told me that she had just seen a vision of a man holding up a baby and showing it off. We let the congregation know of the vision. One of the Elders stood up and told of the vision that he had just experienced of the heavens opening and a light carrying this baby down into our midst while we were worshipping the Lord.

The Lord spoke to me while praying and said, "In Anaheim I said peace be unto you and again I say peace be unto you. What I do now you do not understand. This time, I say to you that I have already placed peace in the hearts of all here". I then called the Apostles up to the front. There were 21 Apostles in all. We corporately prayed and interceded for all the sins and atrocities of the Churches of times past. As His Priests we asked the Lord for His forgiveness and to cover it all with the Blood of the Lamb. Then all of the Apostles standing there in unity began to recommit their lives to the service of the Lord. It was truly a blessed time.

After the meeting one of the Elders told me that one of the people in his ministry while praying for the Gathering saw a vision of three wooden boats with seven men in each boat. This was the same number of men who stood up as Apostles of the Lord Jesus Christ at this Gathering.

After the meeting I was relaxing in my room and I began to meditate on the Baby that had just been birthed. I knew that it was true. Suddenly the Lord speaks to me and says there will be money to take care of the Baby. I knew that this Baby was to be protected and would grow up to be a powerful force for the Lord. This Birthing could not have happened at the Anaheim meeting.

The Lord spoke to me before one of the meetings and told me that He was going to turn the reproach of the Apostles there and that the resources would begin to flow to them and that many who would not hear them before would hear them now.

People of God it is important that the True Apostles of Jesus Christ be found and discerned. I have seen what I can only describe as insanity as I see the many different doctrines and opinions coming forth from the Body of Christ concerning this calling that the Lord is restoring now in this time. I have seen men who don't even seem to have the ability to reason say they are Apostles. I have seen all kinds come out of the woodwork where this subject is concerned. But I tell you right now that Satan desires to confuse and blur the lines. Satan does not want the Church to be fully functioning in the Order and Ways of God. You must realize this as you will see all kinds of attacks against this work to restore Order in the Body of Christ.

I have never intended in anyway to offend anyone in the Body of Christ. However many are offended when they are told that they are not an

Apostle as they thought, or that their doctrine is false. This is the nature of the Calling the Lord has given me in Commanding me to Gather HIS Apostles. This means those whom He has named to be Apostles.

I realize how important it is in these days to be able to discern the calling of an Apostle and sound doctrine. A false Apostle will bring forth false doctrine, doctrines of men and devils. We cannot abandon the Apostles of the Lord Jesus Christ just because some would bring degradation to the calling. Again, Satan's will would be to make the calling to be of none effect. Please don't forget that there is a war going on.

I am working on a second book that the Lord has told me to write and I will be trying to get out more teachings. I didn't cover everything from this Gathering but will as time goes on. Remember to pray for this work and the Nehemiah Project.

I can tell you that I left that Gathering in Peace assured by the Lord that He was pleased. The Lord is building a fellowship of His Apostles amongst us.

I ask the Lord to Bless You and give you His wisdom to be the people and nation of the Almighty God in the earth so that He can pour out His Glory upon you.

I love you all. Cary Goodwin
