Realizing the times Sept. 19, 2001

Dear Brethren,

I hear and see many words going forth talking about the Judgment of God on America. Because of all this, I am concerned that many do not have a good understanding of what is going on. It is imperative that we understand clearly what is taking place in our time, in this generation.

Please understand, we are in the very last days of this dispensation. Before this dispensation of time can pass, the Anti Christ must arise to fulfill the prophecies of the Word of God.

America, founded by God, Blessed by God, has been used of God to fight for righteousness in this earth more than any other country in the world. The war that has just begun is the final battles of this age. The World is being judged.

The War that we are in right now is always described in a Political way by the news media. It is not. Nor is it just about freedom. This war, more than any fought before, is a spiritual war. Islam, World Wide right now, is the largest manifestation of the Anti Christ spirit ever seen. When you watch the recruiting video produced by Osama bin Laden, there is a scene of terrorist in training, shooting at a cutout of a man with a large cross on the chest.

Many of the Muslim countries are known to be sponsoring terrorism. This is not going to be just about one man or one group. The media is repeatedly saying that the sentiments of the terrorist, is not the sentiments of the average Muslim. This is not true.

The Lord had me spend four years in Saudi Arabia as part of my training in Him. I have met and talked with many average Muslims both from the Shee-ite and Sunni sect. The ideology of Islam declares that any who do not follow after Mohamed and the teachings of Islam are infidels. This would be the human equivalent of a dog, even as the Jews would refer to the Samaritans as dogs, in the New Testament.

The persecution of the Christian Church in recent years Around the World has been almost exclusively at the hands of the Muslims. Many atrocities have been committed against God's elect by the Muslims.

I believe the war and the events ahead are inescapable. We are entering into the most dangerous and treacherous time ever. Even if America at this time decided not to retaliate, the terrorism would only escalate until the decisions being made now would have to be made anyhow. In short, the United States of America has no other choice. Yes, we do definitely need to repent. There will be repentance on a scale World Wide that has never been seen before as the upcoming events unfold. This is why it is so important that we who serve the Lord, understand what is going on and take a stand with the Lord and the United States. The prayers of the saints of God in this time are crucial. This war will be more Satanical than ever. Our prayers can make a big difference. We cannot take the stance of the defeated. We are not defeated. We serve the Most High God and He is faithful to see us through it all.

In December of 2000 when the Lord talked to me about the war that is coming. It was very clear. The experience was like having the Lord sit in the passenger seat and talk to me for close to an hour. Now and then I would ask Him a question. It was clear that what He was telling me was for the purpose of preparation. The preparation of His People and preparations for the times that are coming. Then He spent the rest of the months of December and January, confirming and expounding upon it. Now remember, this is the second time in the months of Dec. and Jan. the Lord has talked to me about this war that is coming. The first time was Dec. 99 Jan. 2000.

In the current political world arena, the Anti Christ would not be able to arise to power. At the fourth Apostles Gathering I spoke that America's political power would diminish but her spiritual power would be raised up. I believe this is the reason we don't see America in the end time prophecies.

As I write this letter the United States of America has the support of many of the world leaders and heads of state. Even the Muslim countries seem to be condemning the acts of terrorism. But I know from my experiences there, the average Muslim is cheering on, the terrorist. The first time I talked to some average Saudi family men about terrorism, a shiver went down my spine

as I realized their ideology and how deeply rooted it was. Every map I saw over there had the country of Israel scratched off or covered up as though it didn't exist. In their minds, Israel must be eradicated. This is the mindset there. America stands as an obstacle to that end. We all know that they think of us and speak of the United States as the great satan.

We have to understand that each one of the Rulers in Muslim countries has enemies that want to overthrow them. They will not be able to stand for long, against the will of the Muslim people. They will turn against the United States.

There will come a time soon when most of the world will turn against America. Russia and China will continue their arms buildup at the same time America is spending it's resources. Russia and China have a treaty together and both have given alliance to the Muslim countries. They will attack at a time of weakness and with surprise.

Every time the Lord began a new direction or time, He Gathered His Apostles first. When the Lord delivered this Command to me to Gather His Apostles, there was a blood moon over Israel. The Stars in the heavens were aligned with the woman giving birth, as told in Revelations Chapter 12. Two years later, at the First Apostles Gathering the alignment was again in the heavens. (I was not made aware of this at the time). At the second Apostles Gathering in Atlanta the stars were in alignment again but this time the stars showed the man child was birthed. At the same time in the Apostles Gathering, we were getting visions and words that a child was born in our midst. A spiritual Child, the Man Child. We had no idea that the alignment of the stars of the woman completing the birth was in the heavens at the same time. It was not and could not have been manipulated by any man. <http://www.apostles-gathering.com/signsintheheavens.htm>

When I drove away from the Third Apostles Gathering in Oklahoma City, I knew in my spirit, that we had moved into a different time. At the Third Gathering we had a couple of visions and words from the Lord, of the Lord's Sword being burnished.

The fact that Islam is the fastest growing religion in the World and that includes the United States, is an Indictment against the condition of the Body of Christ in the Earth. While I was in Asia the Muslims were evangelizing also. The Muslims could get all the help they needed from their own. I could not. There are many the Lord has called out to the Harvest who cannot get the help and support they should have.

The Testimony of the Born Again Christian is that Jesus is Alive and He is exactly who He says He is. He is the Messiah, the Savior of the World. The King of Kings and Lord of Lords. Jesus is the Way the Truth and the Life.

There is no other liken unto Him. He is the Son of God. He has given gifts to man that cannot be measured by any material substance of this earth including the earth itself. This should be reflected in His People to the people of the World.

It is time to Be the Church, it is time to quit being complacent about the things of God and His Kingdom. It is Time to Come to Order, The Lord's Order and Ways.

I have heard several say lately where are the prophets? Be careful that you know how to recognize the prophets of God. Many right now, fully expect a Prophet to take a religious pose and in the middle of religious gyrations begin to speak thus sayeth the Lord in King James English. A Prophet is a messenger delivering a message from the Lord. As it is with the subject of Apostles and Prophets people develop their own religious ideas of how they should be and act. A man relaying what he has heard from the Lord in a normal conversational language without the religious trappings might not be heard at all. This does not mean that the man or woman of God should change, to please the perceptions of men. It is time to get real with God in every way.

I hate having to write on this subject of the war, as all of us hate to think about it. But we have been appointed to this time. The Lord does not want us ignorant or unprepared. Praise His Holy Name. I know that this is obvious to many of you. But it is important that we all understand the times and what is truly going on.

I believe this upcoming Fifth Apostles Gathering is very important. I am encouraging all of the Apostles who have been discerned as Apostles by the Apostles Gathering, to be there. Don't let this recent attack keep any of us from the Kingdom business at hand. We need to be stronger at this time. This is a very serious time of preparation and there is little time. There are some things that cannot be discussed at this time in email.

God Bless each and every one of you. Pray that the devices of the enemy will all be brought to light and will not prosper against us. This letter was in no way written to gender hate but for clear understanding.

Love
Cary Goodwin
